

# The Forgotten Jesus

## Wed. night Bible Study

What do you know about Jesus?

What lens do you look through to know Jesus?

Most of us have viewed Jesus of the New Testament with a westernized lens. Turns out most of us have little understanding of the culture and community in which Jesus ministered.

The effect is an inaccurate understanding of the person and divinity of Christ that can only be corrected by revisiting His home, the community in which He was raised and to whom He ministered.

Join us as we peel back the layers of cultural Christianity that have developed over the centuries to reveal the authentic Christ of the Gospels in the Forgotten Jesus Bible Study by Robbie Gallaty.
